PRINCIPAL’S MESSAGE
We have completed our Dare to Lead snapshot and have received our report. We will be sharing a few of our commendations and recommendations over the year. It was a very rewarding process and we are extremely pleased with the positive comments made by parents and students. It has come to our attention that an ‘app’ that some people have downloaded onto their computers can be dangerous. We have discussed this with many of the students and in greater detail with our year 5 and 6. This is a very helpful website to look at http://www.cybersmart.gov.au. Cyber safety is also a part of our curriculum and is taught throughout all classes.

Our school is now using the new syllabus for English and Mathematics (this has been adapted from the Australian Curriculum). We would like to run a few afternoon or evening workshops in term two to inform you what changes have been made and also some sessions on how and what we teach in each area. This may assist you in helping with reading at home, maths problems etc. If you are interested in us running these could you return the note attached to the bulletin by Tuesday 1 April 2014.

Some of our senior students have been attending sporting trials to represent our school at District level. We have been contacted by other schools to congratulate them on their behaviour and sportsmanship. Thank you to those parents who have been transporting their children and congratulations to those students on their exemplary behaviour.
