PRINCIPAL’S MESSAGE
I would like to congratulate our leaders on the wonderful job they are doing for our school in 2014. They were acknowledged at the ELC Leaders Dinner last Monday night and were wonderful representatives of our school. Mr Roy Counsell was presented with a Eurobodalla Public Education Ambassador award for his dedication and leadership of schools throughout his career.

Our annual excursions are getting closer for Years 5/6, leaving on Monday 3 November and 3/4, leaving on Monday 10 November. Students have to earn the right to go on these trips as it is important that everyone has a safe and happy time. I know these events are expensive but we continue to organise them because of the immense benefits we believe flow from the experience. I again thank the staff involved for the huge amount of time and effort involved in organising the excursions.

Last week the parents of Years 3 and 5 students received their NAPLAN results. Staff has already spent many hours analysing our school results and this analysis will go a long way in determining our future teaching programs for both whole school areas and individual students.

Term three reports will be going home on Friday to parents. Please read and discuss them with your child.

Holidays are nearly here, students return to school on Tuesday 7 October after the public holiday on Monday 6. Have a great holiday everyone.

KIDS MATTER
The Kids Matter initiative is well underway at Sunshine Bay Public School. The Kids Matter student committee are putting in a great effort to collect data regarding the students’ mental health and wellbeing in our school.

If you are interested in finding out more about this program, please visit kidsmatter.edu.au. There is a short survey for parents which asks about your perceptions of the school in relation to the school’s work in the area of mental health and wellbeing. Thank you to those parents/guardians who have already completed the Kids Matter survey. We would truly appreciate more parents/guardians to complete the survey so we can collect as much data as possible.

To complete the survey, on the website, select Quick links, then Resources for Schools, then Parent Survey, Start Parent Survey.

In the questionnaire Q1, please select the Reporting period “Q3- July – Sept. All surveys are confidential and the school will only receive a summary of the total parent surveys with recommendations. The survey takes about 5 minutes. We would really appreciate your input into this exciting project.

Thank you for your time and remember “Every Face has a Place.

SMOKING AT BUS STOPS

The NSW Health Dept has had a complaint from concerned parents that parents/ carers are smoking at the local bus stops. We have been asked to advise all parents of Section 6A of the Smoke-free Environment Act 2000 that makes a number of outdoor public places smoke-free.

From 7 January 2013, smoking is banned at all public transport stops in NSW.

The smoking ban applies to bus stops, including the area where people queue or gather and taxi ranks, including the area where people queue or gather;

Will a person break the law if they are the only one at a public transport stop, such as a bus stop, and they light up?

Yes. A person will be breaking the law if they smoke at a bus stop or taxi rank regardless of whether they are the only person there at the time.

The reason for this is because while a smoker may be the only person at the bus stop when they light up, it is unlikely that they will continue to be the only person there for the duration of time it takes them to smoke their cigarette.

How will this be enforced?

NSW Health is responsible for the administration and enforcement of the Smoke-free Environment Act 2000. NSW Health Inspectors are authorised to enforce the ban at public transport stops.

Penalties of up to $550 apply for anyone who fails to comply with the law.

Why is this new Act in place?

There is no safe level of exposure to second-hand tobacco smoke. This is the smoke which smokers exhale after inhaling from a lit cigarette.

In adults, breathing second-hand tobacco smoke can increase the risk of cardiovascular disease, lung cancer and other lung diseases.

For children, inhaling second-hand tobacco smoke is even more dangerous. This is because children’s airways are smaller, and their immune systems are less developed, which makes them more likely to suffer negative health consequences of second-hand tobacco smoke such as bronchitis, pneumonia and asthma.

BAY AND BEACHES SHOW ‘N’ SHINE

On Saturday 4 October the local hot rod club will be holding a car and motorbike show at Sunshine Bay Public School. There will be a swap meet as well as vendors selling interesting items.

The children can enter the colouring competition and they also participate in activities at the show. Money raised on the day will be donated to the school and Batemans Bay Hospital.

All profits from our stall stay with the P and C in which we are using to put towards a new upcoming learning space that is planned for our school.

To make the stall a success we are seeking donations of the following:

- New or used books of any type to sell.
- Potted plants or seedlings.
- Cakes/muffins/cupcakes with a car theme.

Books and plants can be dropped off during the last week of term to Miss Wale’s wet room. Cakes will need to be dropped off on the day. (If donating any type of cake, you will also need to include ingredients due to allergens).

We are also in great need of helpers with the manning of our stall. If you are able to help, even for half an hour, can you please return the slip below to your child’s teacher to indicate your availability.

If you have any further queries, feel free to contact Sam Zimmerman (P and C President) on 0401 067 296.
